NEW COURSE COLLECTION FOR NURSING CREDITS

Please refer to the attached document for step-by-step instructions on how to register for the Dry Decontamination Course scheduled for Friday, April 17th. Our goal is to have two participants from each hospital attend the training. After those spots are filled, the three remaining seats will be offered to facilities with additional interest.

To register without paying the $135 fee, please use the following case-sensitive registration code:

MI-TRAIN UPDATE: MSP LMS CHANGE

MDHHS/DEPR continues to support the MI-TRAIN system and users will maintain access to their training histories within the system. MDHHS/DEPR and other partners will continue to host classes and conferences on MI-TRAIN. No accounts will be manually deactivated during the MSP transition. If prerequisites for classes in Cornerstone need certificates currently stored in MI-TRAIN, it is the user's responsibility to upload them into Cornerstone.

The link attached is a "how to" link on how to sign up for PDLC.

ASPR TRACIE - TIPS FOR HEALTHCARE FACILITIES

Assisting Families and Loved Ones after a Mass Casualty Incident

MCIs cause great concern among the loved ones of the wounded, missing, or deceased, who may rush to healthcare facilities, reunification centers, or the incident site to seek information and reunification. The updated resource Tips for Healthcare Facilities: Assisting Families and Loved Ones after a Mass Casualty Incident highlights best practices and issues related to planning for, activating, and operating hospital or healthcare facility Family Support Centers.

TRAIN COURSE - EFFECT OF DISASTERS ON MENTAL HEALTH: CHILDREN AND ADOLESCENTS

This course emphasizes practical skills: administering psychological first aid to children and adolescents in the immediate aftermath of a disaster, screening them for mental health disorders in the months that follow, and involving parents and other caregivers throughout the process.

Access the free one-hour course at the link below.

BP2 TRAINING OPPORTUNITIES FOR MICHIGAN VOLUNTEER REGISTRY ADMINISTRATORS

Please see the flyer below for information on upcoming Budget Period 2 (BP2) Michigan Volunteer Registry (MVR) training opportunities. These sessions, including both MVR Administrator trainings and monthly MVR virtual office hours meetings, will cover key topics such as the current and new MVR system platforms, volunteer management, and core MVR functionalities.

For any questions, please contact Elizabeth Shepard or Stephanie Steele.

MESSAGE FROM REGION 7 HCC

We strongly urge all partners to review communication strategies, response plans, trauma plans and supplies for mass casualty events. If anyone has any exercises for mass shootings or MCI's coming up, please let Lindsay or myself know. We would love to attend.

TRAIN COURSES - EFFECT OF DISASTERS ON MENTAL HEALTH: AWARENESS LEVEL & TECHNICAL LEVEL

The Awareness Level course is intended for anyone who will come into professional contact with disaster victims, including DMAT, hospital workers, EMTs, primary care providers and public health workers. There are three sections in this course:

- Section 1: Disaster, Trauma and Proximity to the Event
- Section 2: Psychophysiology of Trauma and Fear
- Section 3: Tools for Understanding

The Technical Level course is intended for anyone who will come into professional contact with disaster victims, including DMAT, hospital workers, EMTs, primary care providers and public health workers. In addition to providing general knowledge, this course emphasizes two practical skills: administering psychological first aid to disaster victims in the immediate aftermath of a disaster, and screening disaster victims for common mental health disorders in the months that follow.

Access the free one-hour courses at the links below.
